HOME CARE & PEST PREVENTION TIPS

WHAT YOU NEED TO KNOW

- Dispose of trash and garbage on a frequent and regular basis, and pick up or eliminate clutter.
- Ensure there is no food or trash left outside.
- Store food in sealed plastic or glass containers.
- Remove sources of food, water, and shelter; do not feed outdoor animals.
- Block entry points (exclusion); do not leave windows open without a screen.
- Keep doors and windows shut when not in use.
- Maintain clean, clutter-free areas to reduce pest hiding spots.
- Remove stacks of newspapers, cardboard, and unused items.
- Ensure pet droppings are immediately disposed of from your yard; they attract flies that can spread bacteria.

WARNING SIGNS

RODENTS: Droppings, round or large bites in plastic, furniture, or wood, dirty or oily marks, and stains on walls or floors.

TERMITES: Damaged wood, hollowed-out passages; a pile of shed wings in the evening after the rain; mud-like tubes on walls.

ROACHES: Spotting roaches, roach droppings, or egg cases.

WHO TO CONTACT?

- Emergency or Urgent Maintenance can be requested in person by visiting the management office or by calling the office directly.
- Routine Service may be submitted in person, by phone, or through the Hunt Resident Online Portal or Mobile Application.
- Report any maintenance concerns to your maintenance team; each work order is assigned a work order number.

Our #1 goal is to provide our residents with safe and high quality communities in which to live.
